REPORT

ON THE

Administration of Cochin

FOR THE YEAR 1056 M. E.—1880-81 A. D.

Judicial.

Civil Justice.

THE tendency of the Court Fees Regulation which came into force at the commencement of the year has evidently been to diminish litigation, as there has been a falling off of 2,790 in the number of original suits filed in the Zillah and Munsiffs' Courts. The amount of fees collected has however been greater as will be seen from para: 25.

2. The following report furnished by the Appeal Court exhibits the working of the Judicial Department during the year under review.

3. The subjoined statement shows the number of original Civil Suits received, decided and pending in the Zillah and Munsiffs' Courts during the year under review as compared with that of the preceding year:—

YEARS.	COURTS.	Pending.	Filed.	Total.	Decided.	Remaining
1055	Anjikaimal Zillah Court.........	165	455	620	417	203
	Trichoor Do. Do.........	204	225	429	184	245
	Ernacollum Munsiff's Do.........	94	1,339	1,433	1,254	179
	Irinjalacoda Do. Do.........	121	1,016	1,137	1,056	81
	Trichoor Do. Do.........	482	2,099	2,581	1,766	815
	Vadakancherry Do. Do.........	114	1,476	1,590	1,411	179
	Chittoor Do. Do.........	21	643	664	541	123
	Cochin Do. Do.........	67	1,202	1,269	1,122	147
	Total...	1,268	8,455	9,723	7,751	1,972
1056	Anjikaimal Zillah Court.........	203	379	582	340	242
	Trichoor Do. Do..........	245	170	415	191	224
	Ernacollum Munsiff's Do...........	179	744	928	867	56
	Irinjalacoda Do. Do...........	81	764	845	827	18
	Trichoor Do. Do...........	815	1,228	2,038	1,798	245
	Vadakancherry Do. Do...........	179	1,139	1,318	1,208	110
	Chittoor Do. Do...........	123	492	615	534	81
	Cochin Do. Do...........	147	754	901	846	55
	Total...	1,972	5,665	7,637	6,606	1,031

4. It will be seen from the above statement that the aggregate number of original Civil suits pending at the commencement of the year together with those filed during the year amounts to 7,637 or 2,086 less than in the previous year.

5. Of these, 6,606 were disposed of leaving a balance of 1031 for the current year.

6. Of the 6,606 cases disposed of 6,075 were decided by the Munsiffs. Of these 1,321 were contested and decided on the merits, 3,122 decided ex-parte, 781 decreed on admission, 721 on compromise and 130 were struck off for default or otherwise disposed of.

7. Of the 531 suits decided by the Zillah Courts 266 or 50 per cent were contested. Of the remaining 265 cases 162 were decided ex-parte 32 were decreed on admission, 61 on compromise and 10 struck off for default or otherwise disposed of.

8. The total number of decisions in contested cases amounted to 1,587 against 1,701 in the preceding year. These were distributed among the several Courts as follows:—

Anjikaimal	Zillah	Court...............	157
Trichoor	Do.	Do...............	109
Ernacollum	Munsiff's	Do...............	249
Irinjalacoda	Do.	Do...............	185
Trichoor	Do.	Do...............	337
Vadakancherry	Do.	Do...............	215
Chittoor	Do.	Do...............	127
Cochin	Do.	Do...............	208
		Total...	1,587

9. Of these, 985 cases were decided wholly in favor of Plaintiffs, 464 wholly in favor of Defendants and 138 were decisions partly in favor of both.

10. The average duration of the contested original suits in the Zillah Courts was 12 months and 5 days against 9 months and 17 days, and that in the Munsiffs' Courts was 5 months against 4 months and 8 days.

11. The total number of original Civil suits undisposed of at the close of the year was 1,031 against 1,972 in the previous year. It will be observed that the greater part of this balance was in the two Zillah Courts and the Munsiff's Court of Trichoor. As regards the Trichoor Munsiff, however, it must be noted that the work done in this Court is greater and that the balance itself is considerably smaller than in the previous year.

12. The original suits filed in the various Courts during the year 1,056 may be classified as follows:—

I.	For money on written or unwritten promise, on contract, on account stated, and for rent................	5,287
II.	For personal property or value thereof...	155
III.	Suits relating to real property...........	137
IV.	For damages, defamation, &c...........	53
V.	Other suits..................................	33
	Total...	5,665

13. The subjoined table will exhibit the number of Appeals decided by the Zillah Courts during the year under review as compared with that of the preceding year :—

Years.	Courts.	Pending.	Filed.	Total.	Decided	Remaining.
1055	Anjikaimal Zillah Court......	49	183	232	143	89
	Trichoor Do. Do......	96	154	250	190	60
	Total...	145	337	482	333	149
1056	Anjikaimal Zillah Court......	89	185	274	111	163
	Trichoor Do. Do......	60	157	217	161	56
	Total...	149	342	491	272	219

14. From the above table it will be seen that 342 Appeals were filed, and this number added to the 149 Appeals brought forward from the year previous makes a total of 491 or 9 more than in the year 1055. Of these 272 were decided during the year leaving a balance of 219 for the current year.

15. The particulars of the 272 Appeals disposed of are given below:—

In favor of Appellants....................	62
In favor of Respondents.................	160
Modified......................................	19
Remanded....................................	15
Withdrawn or struck off..................	16
Total...	272

16. The average duration of the Appeals decided by the Zillah Courts during the year under report was 6 months and 10 days against 5 months and 25 days in the preceding year.

17. The working of the Appeal Court during the year as compared with that of the previous year is shewn in the subjoined Statement:—

Years.	Cases.	Pending.	Filed.	Total.	Decided.	Remaining.
1055	Regular Appeals..............	107	94	201	105	96
	Special Do..............	31	84	115	78	37
	Total..	138	178	316	183	133
1056	Regular Appeals..............	96	90	186	114	72
	Special Do..............	37	34	71	60	11
	Total..	133	124	257	174	83

18. From the above Statement it will appear that 90 Regular Appeals were filed, of which 62 were against the decrees of the Anjikaimal Zillah Court and 28 against those of the Trichoor Zillah Court.

19. These together with the 96 Appeals pending at the close of the preceding year make a total of 186. Of these 114 were decided during the year under report against 105 in the year previous, leaving a balance of 72.

20. The following shows the particulars of the disposal of Regular Appeals:—

In favor of Appellants..................	20
,, ,, Respondents...............	68
Modified..................................	11
Remanded................................	3
Withdrawn or struck off..............	12
Total...	114

21. There were 37 Special Appeals pending at the commencement of the year. These together with the 34 Special Appeals filed during the year amounted to 71 of which 11 remained undecided at the end of the year, the remaining 60 having been disposed of as follows:—

Confirmed	39
Reversed or modified	13
Appeals withdrawn, or struck off, or otherwise disposed of	8
Total	60

22. The average duration of the Regular and Special Appeals decided during the year was 8 months and 26 days against 6 months and 16 days in the previous year. The average duration of cases in the year 1056 compares unfavorably with that of the previous year, and this enhancement in the period is partly due to the fact that many Appeals which had to be sent back to the Zillah Courts for further evidence and for the determination of fresh issues were unduly delayed in those Courts. It is partly also the result of the efforts made to reduce the arrears, the old cases contributing to swell the average. The balance on the file of both Regular and Special Appeals at the end of 1056 was brought down to 83 being 50 less than in the previous year. The Judges have taken steps to reduce the duration in the Appeal Court and in the Courts subordinate to it, and the improvement will appear only in the next year.

23. The Zillah Courts executed wholly and partly 764 and the Munsiffs' Courts 1,994 decrees, making a total of 2,758 against 2,714 in the previous year.

24. At the close of the year under report there remained 407 decrees unexecuted in the Zillah Courts and 1,177 in the Munsiffs' Courts. Thus the total number of decrees pending execution at the end of the year was 1,584 or 1,009 less than in the preceding year.

25. The institution fees collected by the original and Appellate Courts during the year amounted to Rs. 52,191—12—2 against Rs. 46,677—5—3 in the previous year. The Stamp penalties collected by the several Courts during the year amounted to Rs. 13,131—7—1 or Rs. 4,611-10-4 less than in the previous year. On the whole the receipts in the year amounted to Rs. 65,323—3—3 against Rs. 64,420—6—8 in the preceding year.

Criminal Justice.

26. The Total number of cases committed by the Police and the Magistracy during the year under review was 47 against 67 in the preceding year.

27. The number of commitments according to the Police Returns was 44 or 3 less than that given by the Court. This discrepancy is probably owing to the original indictments being divided by the Courts and the prisoners tried on separate charges.

28. The cases shewn in para: 26 were divided between the two Criminal Courts as follows:—

Anjikaimal	29
Trichoor	18

29. There were two cases left undisposed of in the Trichoor Criminal Court at the commencement of the year. These together with the 18 cases committed during the year amounted to 20.

30. Of these the Trichoor Criminal Court referred 10 cases to the Appeal Court and 1 case was transferred to the Anjikaimal Criminal Court. The remaining 9 cases involving 15 persons were disposed of by the Trichoor Criminal Court.

31. The total number of cases committed to the Anjikaimal Criminal Court during the year was 29 which together with the 1 case transferred from the Trichoor Criminal Court makes a total of 30.

32. Of these 30 cases the Anjikaimal Criminal Court referred 3 cases to the Appeal Court of the remaining 27 cases, 25 cases involving 66 persons were disposed of by the Criminal Court during the year, and 2 remained undisposed of at the close of the year.

33. The total number of cases referred by the Criminal Courts to the Appeal Court during the year was 13 which together with 4 cases left undisposed of at the end of the previous year gives a total of 17.

34. Of these 17 cases involving 41 persons, 13 cases involving 32 persons, were disposed of during the year 1056 leaving a balance of 4 cases for the current year. These 4 cases were received at the close of the year 1056 and they could not be conveniently disposed of during that year.

35. The total number of persons on whom judgments were passed during the year under report, was 123; of which 75 were acquitted and 48 convicted. The ratio of acquittals during the year reported on was 60·9 per cent as against 61·9 per cent during the preceding year.

36. The nature of punishments awarded by the everal Courts is shewn below :—

Fine	7
Imprisonment	24
Whipping and Imprisonment	1
Imprisonment and Fine	16
Total...	48

37. There were 7 appeals preferred to the Appeal Court against the judgments of the Criminal Courts during the year, which together with the one left undisposed of at the close of the year 1055 makes the total of 8.

38. These appeals were disposed of as follows: in 1 case the sentence was confirmed, in 4 modified and in 3 reversed.

39. The average duration of each case in the Criminal Courts was 8 days as against 9 in the previous year. In referred trials the time taken up by the Appeal Court averaged 14 days, which is an improvement upon the result of the previous year when the average duration was 26 days.

JAILS.

40. The return of Prisoners in the Jails of Ernacollum and Trichoor showed that there remained at the beginning of the year ... 159

Admitted		105
Total...		264
Released	120	
Died	2	
		122
Remaining at the end of the year...		142

41. Of the Prisoners remaining, 9 were under trial, 13 were civil debtors, one remanded by the Magistracy and the other 119 were convicts whose terms of sentence are given below:—

Rigorous imprisonment for life			32
Do.	Do.	for more than 7 years...	31
Do.	Do.	.... 2 years...	28
Do.	Do.	.... 6 months.	13
Do.	Do.	for not more than 6 months.	13
Simple	imprisonment for not more than 6 months.		2
		Total...	119

42. The average daily number in Jail during the year was 134·25. There are no manufactures on which the convicts are engaged; they are employed principally in the repair and maintenance of the public roads.

43. The charges incurred for the maintenance of the Jails, exclusive of the cost of the Medical establishment and European Medicines, amounted to Rs. 13,814—1—4 against Rs. 12,639—2—3, the expenditure of the previous year, as will be seen from the following abstract:—

Diet	Rs.	8,445— 1—2
Clothing	,,	120—11—4
Guards, &c.	,,	3,855—10—7
Repairs	,,	1,390—10—3
Total Rupees		13,812— 1—4

44. The increased expenditure of Rs. 1,174—15—1 has arisen chiefly from an additional establishment having been employed for guarding the Jails.

45. The Medical officer to this Government reports that the health of the prisoners in the Jail Hospital at Ernacollum has been very good. There were 26 admissions and no deaths. In the Trichoor Jail Hospital there were 76 admissions against 84 last year. There were two deaths, one from old age and the other from suicidal hanging.

POLICE.

46. The result of Police operations during the year under report will be seen from the following abstract Statement:—

	Cases.		*Persons arrested or summoned.*
Remaining at the end of 1055 ...	24	—	84
Reported during the year	2,147	—	3,422
Total...	2,171	—	3,506
Summarily dismissed without calling on the defendants	732	—	0
Remainder...	1,439	—	3,506

47. The cases and persons as above shewn were dealt with in the following manner:—

	Cases.		*Persons.*
Convicted and punished...........	278	—	539
Acquitted in connection with do..	0	—	125
Acquitted after enquiry............	696	—	1,813
Committed to the Criminal Courts	44	—	115
Dismissed or discharged on compromise	379	—	799
Remaining at the close of the year	42	—	115
Total...	1,439	—	3,506

48. The number of offences reported during the year was 2,147 against 2,363 in the previous year, and the number of persons involved was 3,422 against 3,526 showing a diminution of 216 cases and 104 persons.

49. The punishments awarded in cases of conviction were as follows:—

	Persons.
Fine	398
Imprisonment	96
Whipping	19
Imprisonment and whipping..	7
To find security	19
Total...	539

50. Of the grave crimes that came under enquiry during the year there were 7 cases of murder in which 20 persons were implicated. Ten of the accused were discharged and ten committed to the Criminal Courts. There were 83 cases of grievous hurt involving 228 persons of whom 153 were acquitted, 9 ordered to find security, 19 convicted, 28 committed to the Criminal Courts and 19 remained at the end of the year. The cases of robbery accompanied with personal violence were 319 involving 724 persons, of whom 606 were acquitted, 70 convicted, 15 committed to the Criminal Courts and 33 remained for the succeeding year. There were 63 cases of house breaking involving 115 persons of whom 76 were acquitted, 13 convicted, 12 committed to the Criminal Courts and 14 remained undisposed of. The cases of simple theft were 213 in which 350 persons were accused; of these, 268 were acquitted, 4 ordered to find security, 65 convicted, 8 committed and 5 remained at the close of the year.

51. Twenty three persons in 11 cases were surrendered and brought to trial in the Courts of this country during the year, under warrants issued by the British Resident. The results of the trials were as under:

	Cases.		*Persons.*
Convicted and sentenced	3	—	3
Acquitted or discharged............	2	—	6
Remaining under trial at the close of the year.......................	6	—	14

52. The punishments awarded to the convicted persons were :—

				Persons.
Rigorous	imprisonment	for	8 months ...	1
Do.	do.	„	3 do. ...	1
Simple	do.	„	1 month ...	1

53. Three certificates were issued by the British Resident under Section 9 of Act XXI of 1879 for the trial of thirteen British Subjects in British India.

54. It may be remarked that the large number of persons discharged or acquitted, or in other words the disproportion between the number of those originally accused and those convicted is due to the peculiar police system obtaining in this State rather than to the defective working of the Department or the inefficiency of its staff. Unlike the system obtaining in British India, the functions of the Police and Magistracy are here combined in a single Official who having to deal with the detective branch of his duties in his Police capacity, is often as a natural consequence obliged, on entering on his higher and magisterial duties, to unnecessarily encumber his register with names of persons whom a Police Officer, as the result of his enquiries in the first instance, may find it advisable to discharge and with

whom a Magistrate will not have to deal. The periodical Returns which supply the figures for the annual Reports are invariably prepared from the aforesaid Police-Magisterial Register, (so to speak) which far from giving a correct notion of the working of the Department, is somewhat misleading. This Government is fully alive to the importance of this evil, which can only be remedied by the introduction of a properly organised Police system, and by the separation of the Police from the Magistracy.

55. The reorganization of the Police has long engaged the attention of this Government, but local circumstances have presented difficulties that have hitherto prevented its accomplishment. A well considered measure is however about to be initiated and the result will be noticed in the next report.

56. It is to be observed that the remarks of the Madras Government on this subject recorded in their review of the Administration Report for 1054 M. E. (G. O. 5th July 1880, No. 295) were, by some oversight, not communicated to this Government at the time and were only obtained since the receipt of G. O. dated 8th August 1881 No. 393 reviewing the report of M. E. 1055 (1879-80).

57. The cost of the Police Establishment was Rs. 16,397—7—8 or Rs. 1,457—7—8 more than that of the preceding year. This increase was caused by the employment of additional peons and of a temporary Preventive Establishment to suppress smuggling.

LAND REVENUE.

58. The increase under this head may be referred principally to the following causes:— Certain lands and gardens were newly assessed; in the previous year the revenue collection was less than the demand, a portion of the tax having been deferred for payment, while in the year under report the whole tax was recovered; a larger area was brought under cultivation on the Trichoor lake; an increased rent was charged to some Coffee Estates which were found on survey to have a greater acreage than that specified in the leases; and enhanced taxes were recovered on lands and gardens granted on moderate terms for a limited period for the purpose of cultivation. The increase in the revenue would have been greater, but the dam at Yennamakel not having been rendered water-tight by the British authorities of Malabar according to standing arrangements, the crops suffered by the influx of saltwater and a considerable amount of tax had to be written off in the way of remissions.

In 1055	Rs.	6,30,041—8—2
„ 1056	„	6,35,394—8—10
Increase	Rs.	5,353—0—8

59. The receipts in each District are as follows:—

Cochin....................	Rs.	84,484— 8— 3
Cannianore..............	„	74,803— 2— 4
Moogoondapooram ...	„	1,11,460—12— 8
Trichoor.................	„	1,23,537— 8— 7
Tallapilly	„	1,36,746— 6— 5
Chittoor	„	1,04,362— 2— 7
Total	Rs...	6,35,394— 8—10

CUSTOMS REVENUE.

60. This source of income, being based on the interportal convention, the result will be seen from the following abstract:—

In 1055	Rs.	1,07,483-13-11
„ 1056	„	1,13,206-14-11
Increase	„	5,723- 1- 0

Amount paid by the British Government under the guarantee for the year ending 31st March 1881............... Rs.	1,08,245—7—3
Receipts at the Sirkar Ports for the same period.............................. Rs.	2,254—8—9
Receipts at the Sirkar Ports from the close of the official year to the end of 1056 M. E.......................... Rs.	3,136-13- 7
Total...Rs.	1,13,636-13- 7
Deduct receipts at the Cochin Ports from 1st April to 14th August 1880, (the close of the Malabar year 1055) which were carried to the account of the preceding year..................... Rs.	429-14- 8
Total Customs Revenue of 1056 Rs.	1,13,206-14-11

ABKARRY AND OPIUM.

61. The decrease under this head is more apparent than real, the farmer having been permitted to postpone payment of a portion of his liability to the current year.

		Abkarry Farm.
In 1055	Rs.	74,376-14- 3
„ 1056	„	70,744- 2- 4
Decrease	Rs.	3,632-11-11

62. The Opium Farm produced Rs. 7,549—2—3 which is greater by Rs. 48-5-0 than in the previous year.

In 1055	Rs.	7,500-13-3
„ 1056	„	7,549- 2-3
Increase	Rs.	48- 5-0

SALT.

63. This increase is accounted for by the establishment of new Bankshalls at places where they had not previously existed affording facilities to the people for purchasing salt. Energetic measures have also been adopted by this Government to prevent the illicit manufacture of home salt or the importation of the article from foreign territory.

In 1055	Rs.	2,52,006-15-1
„ 1056	„	2,59,966—3-5
Increase	Rs.	7,959—4-4

64. The amount paid for the purchase of salt was less by Rs. 53,805-10-10. This is accounted for by the circumstance that a considerable stock of salt remained at the Depôts at the close of the previous year, and it was therefore considered desirable to purchase a reduced quantity sufficient for the requirements of the year.

In 1055	Rs.	73,002- 8- 8
„ 1056	„	19,196-13-10
Decrease	Rs.	53,805-10-10

65. The cost of the carriage of salt has been necessarily less owing to the smaller quantity imported.

REGISTRATION OF DEEDS.

66. The total number of documents presented for registration during the year in the six Registry Offices was 15,025 against 15,079 in the preceding year, giving an average of about 1,252 per month or a little over 41 per day.

67. Of the total number of documents 5 were Wills, 14,574 or 96·99 per cent related to immoveable and 446 or 2·96 per cent to moveable property.

68. The following statement will show the number of documents presented, arranged according to their values. The total value was Rs. 51,27,370–14–11 giving an average per document of Rs. 341–4–1:—

VALUE.	No. of documents presented for registration.
Not exceeding 50 Rupees	4,820
Above 50 and not exceeding 100 Rupees	2,730
Above 100 and not exceeding 500 Rupees	5,380
Above 500 and not exceeding 1,000 Rupees	1,174
Above 1,000 and not exceeding 5,000 Rupees	793
Above 5,000 and not exceeding 10,000 Rupees	64
Above 10,000 and not exceeding 20,000 Rupees	18
Above 20,000 and not exceeding 30,000 Rupees	5
Above 30,000 and not exceeding 50,000 Rupees	4
Above 50,000 and not exceeding 100,000 Rupees	1
Documents of undefined value	36
Total	15,025

69. All the foregoing documents were duly registered as well as one hundred which remained at the end of the preceding year showing a daily average entry of about 42 documents in all the offices together.

70. Eighty-one documents were refused to be received for registration; of these 9 were registered by order of the Huzoor Registrar and two by the order of the Zillah Court.

71. Eighty-nine documents were registered under penalties under Sections 15 and 22 of the Registration Rules. This shews a decrease of 24 documents so registered compared with the number in the previous year.

72. The documents registered at private residences amounted to 156 or 6 less than in the year preceding.

73. The number of applications received at the District Registry offices for copies of documents and for making searches was 302, showing a decrease of 129 compared with the number in the preceding year.

74. The number of documents unclaimed by the parties at the end of the year was 952.

75. The subjoined table will shew the number of documents registered in each office and the amount of fees collected during the year :—

Offices.	Documents.	Fees.		
		Rs.	As.	P.
Cochin Registry Office	2,568	3,897	2	0
Kanayanore do.	3,166	4,116	1	0
Moogundapuram do.	2,630	3,930	9	0
Trichoor do.	2,600	3,354	8	0
Tallapilly do.	3,221	4,223	8	0
Chittoor do.	840	1,853	9	0
Total...	15,025	21,375	5	0

76. It will be observed that the largest number of documents registered and the highest amount of fees realized was at Tallapilly.

77. Classifying the offices according to the property value represented by the deeds Cochin stands first and Trichoor last.

OFFICES.	Value.		
	Rupees.	As.	P.
Cochin	9,95,738	15	6
Tallapilly	9,87,024	10	2
Moogoondapooram	8,39,662	12	4
Kanayanore	7,82.169	12	4
Chittoor	7,70,035	6	8
Trichoor	7,52,739	5	11
Total...	51,27,370	14	11

78. The expenses of the Department for the year 1056 have been as follows :—

Salaries.

Huzoor Head Office .... Rs. 3,377—0—0
District Registry Offices .... „ 6,744—0—0

Total Rs. 10,121—0—0

Contingencies.

Stationery and charges for binding books &c. . Rs. 642-15—6

Total Rs. 10,763-15—6

79. The surplus receipts during the year over the expenditure was Rs. 10,611-5-6 against Rs. 11,234-15-8 in the preceding year.

80. Fifty-one special and 45 general powers of attorney were attested by the Registrars and 46 copies of registered documents were forwarded to other district offiees under Section 53 of the Regulation in consequence of the property being situate in more than one district.

EDUCATION.

81. In reviewing the work and the condition of the several Schools in the State, the High School demands the first notice.

82. High School.—There was a small increase of of pupils during the year under report and the following table shews how the number of students is distributed over the different divisions of the school, as compared with the two previous years :—

		1054.	1055.	1056.
College Classes...	*VIII*	10	3	6
	VII	5	6	5
High School....	*VI*	17	11	17
	V	11	12	12
Middle School...	*IV Div: A & B.*	33	31	31
	III A. B. & C..	64	56	67
Lower School...	*II Div: A. & B.*	42	41	46
	I	20	25	24
Primary School.	*Upper Prepy* ...	23	22	20
	Middle do. ...	19	23	18
	Lower do. ...	28	34	16
	Vernacular	0	0	22
	Total...	272	264	284

83. The College classes are still but small, the expense of the two years' course, the shortest time in which a student can read up for the F. A. being a bar to many who would otherwise prove promising students.

84. The attendance of the boys has been reported to be very satisfactory.

85. The following table shews the classification of the boys under the various castes or religions, alphabetically arranged, with the corresponding figures for the three previous years, for the purpose of comparison :—

Caste or Religion.	1053	1054	1055	1056
Brahmins	67	50	59	61
Ellayathus	1	1	1	1
Jews	2	2	1	1
Konganies	4	5	4	11
Kshetrias	0	2	2	2
Mahometans	2	2	2	2
Nanjanadans	3	3	3	4
Nayadus	1	2	3	3
Pandi Sudras	5	1	3	3
Posharadis	1	2	3	2
Protestants	8	4	2	2
Roman Catholics	95	87	75	78
Sudras	107	88	86	87
Syrians	8	13	12	18
Vellalars	3	4	3	4
Wariyars	6	6	5	5
Total...	313	272	264	284

The small increases which appear are distributed in different castes, the largest increase being among the Konganies.

86. The admissions and removals during the year may be summed up thus :—

On the Roll at the end of 1055	264
Admitted in 1056	83
Re-admitted in 1056	37
Total...	384
Removals during 1056	100
Remaining on the Roll at the end of 1056.	284

87. An analysis of the new admissions shews that 47 were from Ernacollum, 17 from Sirkar District Schools, 2 from Schools in British Cochin and 17 from distant Schools. The supply from the District Schools is not large but more than that of last year. Two of these send none, Chittoor boys naturally preferring to go to Palghaut or Calicut which are much nearer of access to them than Ernacollum, while at Kunnumkulam there are not as yet any boys sufficiently advanced to enter the High School, and the great distance will always be a bar to many coming from that School.

88. The half-yearly examinations were held as usual during the year. A very careful examination was also conducted by the Head Master and several of the Upper Masters to test the boys fit for promotion in nearly all the classes of the Middle and Lower Schools. It was as thorough and searching as it could be made and none was promoted who did not gain a certain standard of marks.

89. In April 1881 Mr. J. C. Hannyngton, now British Resident, very kindly presided at the distribution of prizes for 1880 at the High School, and gave away the books to the successful boys in all the classes.

90. The University and other Public Examinations presented the following results as regards the High School pupils who competed.

91. There were only three students in the Senior F. A. Class and all went up. Two passed in the second class, one of whom is reading for his Degree at the Trevandrum College and the other is a student in the Madras Medical College having received the Sirkar Scholarship in Medicine. The candidate who failed rejoined the next year's F. A. Class. For the Matriculation Examination 9 went up of whom 6 passed one in the first Class, and three failed.

92. It is gratifying to record that four pupils who passed the F. A. Examination from the High School in 1878 have all obtained the B. A. Degree, two in Class II and two in Class III, namely :—

R. Appathura Sankara Narayana Iyen 2nd Class.
A. Palpanabha Subramaniya Iyen...... 2nd Class.
Nallanadtu Narayana Menon........... 3rd Class.
David Masillamoni .... 3rd Class.

93. The Middle School Examination was held in December 1880. The whole of Class IV A. numbering 14 boys and 1 boy from Class IV B. went up, as well as 2 boys from Class VI (Matriculation Class) and 9 from Class V; in all 26. Of these the 11 boys from Classes VI and V all passed, 2 of them in the 1st Class; and of the boys from the fourth Class 8 passed and 7 failed.

94. There is a small decrease of Rs. 52—2—0 under the head of Fees, due to the smallness of the College Classes, while the regularity of attendance accounts for the lessening of the Fines by Rs. 13—4—0.

95. The table given below shews the operations of the Book Depôt for the year under review as compared with the previous year :—

Stock in Depot.	1055.				1056.			
	Vols:	Value.			Vols:	Value.		
		Rs.	A	P.		Rs.	A	P.
Stock left from previous year...........	6,287	3,046	8	9	4,214	2,255	2	3
Purchased in the year.....................	1,813	400	15	0	6,546	1,608	12	0
Total...	8,100	3,447	7	9	10,760	3,863	14	3
Deduct sales....................................	3,886	1,192	5	6	3,251	1,157	7	0
Stock remaining at close of the year...	4,214	2,255	2	3	7,509	2,706	7	3

The sales are nearly the same as those of last year, but the purchases are four times as great as they were in 1055 so that the stock in hand at the close of 1056 is what it should be to supply the ordinary demand from all the Sirkar Schools.

District Schools.

96. The Director of Education reports that the number of students in these Schools is gradually becoming more uniform rendering it more possible to compare the work done in each. On the whole more work has been done in all the Schools this year than in the preceding one; but of all the Schools Kunnunkulam has made the most decided advance as all its classes are of a higher standard than before.

97. In every School there has been an increase in the number of students, and the close of 1056 shews a total of 580 instead of 453 which was the number at the end of 1055.

98. The following particulars as to the condition of each School separately are gathered from the report of the Director :—

Trichoor.—This School is still in an unsatisfactory state, and that it is not popular is evident from the small attendance and the unwillingness of the older boys to remain in the Upper class. Only two boys came from it to the High School. The results of the Inspector's examination were a little better than last year, but still were not good and there seems to be a general lack of energy in the management and teaching throughout the School. Class I, however, has decidedly improved since it was placed in charge of a Matriculate from the Preparatory class and it has shown better work. The present uncomfortable School-room may have somewhat to do

with the low attendance and it is hoped that during the current year the building of a new School-room will be begun. Plans for the work are already in the hands of the Chief Engineer and an amount has been sanctioned by this Government. With a better building on an eligible site, a fresh and completely re-organised Establishment and a strong and energetic staff of teachers, there is every reason to hope that the school will soon be popular in Trichoor.

Muttancherry.—This School shews a considerable increase in numbers, and its work and progress are alike satisfactory. About the commencement of the year a class was opened to meet the wishes of the Baniyan Merchants who wished their sons to be instructed. The education is given through the medium of Hindustani. The class though small appears to be a serviceable one. During the current year the number of pupils continues to increase and this will probably require an augmentation to the existing classes. The Head Master is very earnest and energetic and seems to be well seconded by his Assistants.

Chittoor.—This School shows an increase of 14 boys and the work throughout the year has been satisfactory. On the occasion of the Director's visit he noticed a decided improvement; there was ample evidence of steady work and a general increase in the percentage of marks gained by the boys. A plan for the improvement, of the old Cutcherry to receive the School is now being carried out and it is hoped that the school will before long be removed to a building more commodious than the present rooms.

Irrinjalacoda.—This year the Director has been able to record an increase in the attendance in place of the decrease last year. The Acting Head Master seems to have

worked the school very fairly. It sent the largest number of pupils to the High School in the year, of all the District Schools. At the inspections the three Upper classes showed satisfactory results, but the Vernacular class was exceedingly small and the work deficient. It has since been reported that matters have improved, that the Vernacular Division is gaining strength and the work progressing.

Kunnunkulam.—This School was raised from a second-class to a first-class District School, as was anticipated in last year's Report, and a special establishment was sanctioned for it which came into effect in the last month of the year. During the year the school was removed from its former premises to the new and handsome building situated just out of the Town on the Trichoor Road. This School-house is capable of accommodating 200 boys, a number beyond which it was not anticipated that the school would rise; but the attendance has exceeded expectation. At the end of the year there were 208 boys and the number has been steadily increasing since the commencement of the current year 1057. There is reason to believe that even the present commodious premises will soon be found insufficient for the number of students enrolled and that an addition will have to be made to meet the growing wants of this—the youngest, but yet the most prosperous of the District Schools.

99. A review of the Vernacular classes in all the District Schools presents encouraging results with the single exception of Trichoor. The number of boys at the Muttancherry School rose from 28 in 1055 to 54 at the close of 1056; the number at Chittoor from 52 to 75; at Irrinjalacoda from 9 to 22; and at Kunnunkulam the number has been maintained steadily at 59. At Trichoor the number declined from 33 to 25 and a class had to be abandoned as there were not sufficient boys to justify

the keeping up of three Vernacular classes. At Chittoor a class has been added to meet the wants of an increased number, while at Muttancherry and Kunnunkulam 2 additional classes have been formed in each.

100. There has been a considerable increase in the aggregate number of students under instruction in all the schools of this State, it having risen from 727 at the close of 1055 to 864 at the end of the year under report. A classification of the latter number under the four chief divisions of the population exhibits:—

Hindus............	518	=864
Christians	322	
Mahometans	17	
Jews...............	7	

An improvement is noticeable in the number of Mahometan boys attending.

101. The entire staff of teachers in the Educational establishment consists of 51 Masters and Assistant Masters, of whom 30 are Hindus, and 21 Christians. According to grade, three are Graduates, 6 First in Arts, 20 Matriculates, 5 who passed the General Test and Fifth Grade and 17 not graded; and of these 14 have been specially trained as teachers in an Indian Normal School.

102. The cost of the High School Establishment in salaries paid by the Government was Rs. 19,354–7–8 of which Rs. 1,534–8–5 was realized in Fees and Fines. The cost of establishment of the District Schools amounted to Rs. 7,105–9–0, the receipts from fees and fines being Rs. 1,231–15–8.

PUBLIC WORKS.

103. The usual allotment of Rs. 2,00,000 to the Public Works Department was reduced by Rs. 32,000 to provide for the guarantee of the proposed Railway from Shoranore to Ernacollum, and the allotment in the Budget was Rs. 1,68,000. The actual expenditure however was Rs. 1,62,962—9—3; and the cost of works executed through the agency of the Tahsildars Rs. 80,457—9—1, so that the aggregate expenditure amounted to Rs. 2,43,420—2—4 as noted in the margin.

In 1055	Rs.	2,80,192-13-6
„ 1056	„	2,43,420- 2-4
Decrease	Rs.	36,772-11-2

104. The non-expenditure of Rs. 5,037—6—9 out of the allotment to the Engineer's Department is due to the following works not having been undertaken during the year although included in the Budget:—

Chittoor Irrigation works.
Trichoor School.
Diverting Navigation Canal at Arnatcurray.
Manaly Bridge.

105. The following works were under progress at the beginning of the year:—

(1) Buildings:—

New Hospital at Ernacollum.
Muttancherry Public Offices for the Tahsildar, Munsiff and Registrar.
Irrinjalacoda Public Offices for do.

(2) Communications:—

New Road from Payanee Angady to Tirtala road.
Luckady Road—outright repairs.
Palapilly Road do.
New Irringana Road—from Irringana to join the Shalacoody Trunk Road.

New Timber Road from Anapanthen to Wallia Cooty on the Neliampathies.

New Road on the Coffee Estates from Cunduncoorchy-maud to near the head of the Wallenghy Ghaut.

(3) Bridges:—

Wadakancherry Iron Girder Bridge.

(4) Miscellaneous:—

Chittoor Irrigation Works.

Reclamation in front of the Muttancherry Palace.

Ernacollum Reclamation and Road.

Narakel Improvements.

106. Of these the following works were completed during the year under report:—

New Hospital at Ernacollum.

Muttancherry Public Offices.

Irrinjalacoda Public Offices.

Payanee Angady Road.

Luckady Road, outright repair.

Palapilly Road, do. do.

New Irringana Road, from Irringana to join the Shalacoody Trunk Road.

New Timber Road from Anapanthen to Wallia-cooty on the Neliampathies.

Eight and a half miles of new road on the Coffee Estates from Cunduncoorchy-maud to near the head of the Wallenghy Ghaut, the steepest gradient being 1 in 18.

Wadakancherry Iron Girder Bridge.

Reclamation in front of the Muttancherry Palace.

The sanctioned portion of the Chittoor Irrigation Works.

Narakel Improvements, including two extra sheds for warehousing merchandise.

The sheet piling of Basin No. I. The rough stone Revetment wall and other works were completed of the Ernacollum Reclamation and road.

107. The following new works were commenced during the year under report:—

(1) Buildings:—

New out buildings and Boundary wall for the Ernacollum Hospital.

Repairing the roof and tiling the Durbar Hall with Calicut tiles.

New outside Verandahs to the Muttancherry and Irrinjalacoda Public Offices.

(2) Communications:—

Palarvattom New Road.

Chotanikurray Umbalom New Road.

Chittoor to Athecode road—outright repair.

Carpancherry to Iyloor road do. do.

Improvements to the Wallenghy Ghaut road.

(3) Miscellaneous:—

Pulling down and reconstructing the Choondal Anicut and Retaining walls.

Constructing new retaining walls and sluices for Irrigation purposes at Velathoor and Parumthany Cherra.

Repairing and widening the Tank Bund and building new Sluices at Pananjagathu Cherra.

108. Of the above the following works have made more or less progress:—

(1) *New out buildings and Boundary Wall for the Ernacollum Hospital.*—Two latrines, the cook-room and Dead House were constructed and tiled and the Boundary wall and railings completed.

(2) *Durbar Hall, repairing the roof and tiling with Calicut tiles*—This work was taken in hand and completed during the year under report.

(3) *Palarvattom and Chottanikuray Roads.*–The greater portion of the work on these roads is finished and the roads will be opened for Traffic early in the ensuing year.

(4) *Chittoor to Athecode and Carpancherry to Iyloor roads—Chittoor District.*—The outright repairs of these roads have been completed as well as the new Culverts &c.

(5) *Improvements to the Wallenghy Ghaut Road.*—The Coffee Planters having frequently complained of the bad state of the road between Valevetty-para (the foot of the Ghaut) and Oochapara, a new diversion was made between the two places with easier gradients, which has greatly facilitated the Traffic up and down the Ghaut.

(6) *Choondal Anicut and works.*—These were taken in hand and completed before the South-west monsoon set in. As the laterite stones, in a portion of the old retaining wall on the western side were found to be perfectly sound, this part was not pulled down, the joints of the Masonry were however raked out and pointed with Portland Cement, which has made the wall perfectly water-tight.

(7) *Constructing New Retaining walls and sluices for Irrigation purposes at Valathoor and Parunthany Cherra.* These retaining walls, &c., were completed before the setting in of the monsoon, which enabled the surrounding padday fields to be brought under early cultivation.

(8) *Repairing and Widening the Tank Bund and building New Sluices at Pananjagatha Cherra.*—This work was completed before the rains set in, and the level of the water in the large Tank regulated by means of the new Sluices. Orders have been given for the Villagers to take charge of this Tank and be made responsible for the opening and shutting of the Sluices.

109. The emergent works undertaken and completed during 1056 were,

Renewing the Timber work of the Ketcherry and the East and West Aratapoolay Bridges on the Kunnunkolum Road.
Repairing the roofs of the Trichoor Court House, Dispensary and Residency.
Repairing the roof and tiling the Store House of the Vayoor Park with Calicut tiles.
Repairs to the old Jail at Ernacollum for the transfer of the Treasury.
Chuckenkolunkaray Road.
Public Latrines and other minor works.

110. Two hundred and forty miles of road were maintained throughout the year in fair order.

111. The annexed statement exhibits the respective sums expended during the year under review on the several works commenced, completed or in progress :—

No.	WORKS.	Expenditure of 1056.		
		Rs.	A.	P.
1	For constructing a road from Palarvatum to Erattaumbalum	8,000	0	0
2	For the Vauniamparah road maintenance....	4,800	0	0
3	Part expense for repairing the Caroopadoonah road	3,945	4	9
4	For the Shoranore Road maintenance......	3,300	0	0
5	For the Nadapoony road maintenance......	3,300	0	0
6	Part expense for constructing a road from Valliakooty to Anapunthel on the Nelliampathy Hills................................	3,000	0	0
7	Part expense for a road on the Nelliampathy Hills and constructing bridges............	3,000	0	0
8	Part expense for constructing the road from Chotanikara Umbalam to Tiroovankulum...	2,788	0	0
9	For the Ermaputy road maintenance.......	2,430	0	0
10	For repairing the road from Nemary to Poovathum cadavoo and Capencherry.........	2,371	0	0

No.	Works.	Expenditure of 1056. Rs.	A.	P.
11	For repairing the road from Chittoor to Ahthicode leading to Palghaut............	2,264	0	0
12	For the Caroopadoonah road maintenance..	2,200	0	0
13	Part expense of renewing the Wadakancherry bridge	2,000	0	0

	Total Rupees....	1,83,390	13	7
	Grand Total Rupees....	2,43,420	2	4

FORESTS.

112. There is a comparatively small decrease of Rs. 2,985—3—4 in the revenue from the sale of timber as shewn in the margin. This has been occasioned by a smaller quantity of teak having been received at the depôts from the forests than in the previous year.

In 1055	Rs.	43,605—8—8
„ 1056	„	40,620—5—4
Decrease	Rs.	2,985—3—4

113. The amount received from the Chittoor Teak Forest was Rs. 16,695-10-9 against Rs. 11,345—6—10 in the previous year. The increase of Rs. 5,350—3—11 is due to a larger quantity of teak having been removed by the Contractor during the year.

114. One thousand eight hundred and nineteen Teak logs measuring 1,643½ candies were received at the depôts during the year against 1,918 logs and $2{,}740\frac{7}{16}$ candies in the preceding year.

115. The number of teak logs sold during the year was 1,153 and the No. of black-wood logs 478; and the total amount realized was Rs. 33,385—12—4. The value of timber supplied to the Public Works Department was Rs. 7,234—9—0 making the value on both accounts Rs. 40,620—5—4.

116. The Royalties derived from Jungle-wood, Bamboos &c amounted to Rs. 11,008—11—9; the sale of Cardamoms, Bees' wax and other Forest produce realized Rs. 4,890—13—1; and the tax collected on fuel was Rs. 1,603—12—0.

117. The total revĕnue derived from the Forests was therefore,

In 1055	Rs.	57,089— 9— 4
„ 1056	„	58,123—10— 2
Increase	Rs.	1,034— 0—10

118. The forest expenses were less than in the previous year by Rs. 6,407—10—11, it having been considered advisable to limit operations for a time to certain localities. For the same reason the charges on account of the Forest Establishment were also lower than in the previous year by Rs. 4,213—12—10. The permanent establishment maintained for the conservancy of the forests has moreover been curtailed to some extent.

119. Only one elephant was caught in the season of 1056, but it is described as a fine young tusker which will turn out in time a first class elephant. Two elephants died during the year and there remained at the end of 1056, 29 elephants of which 18 are males and 11 females.

120. Cardamom Cultivation.—From the Superintendent's report it appears that 153·2 acres of land were under culture at the close of the year under report. The total expenditure incurred in this Department during the year was Rs. 3,807-12-1 against Rs. 5,079—14—8 in the previous year. The collections of produce amounted to 1,745 lbs of an approximate market value of Rs. 3,098-4-2 against 1,400 lbs valuing Rs. 2,800 in the previous year. The returns from Cardamom growing in this State are still exceedingly incommensurate with the outlay incurred, and the Sirkar contemplates the adoption at an early date of some effective scheme for preventing the smuggling which has been a serious source of loss and is reported to prevail extensively notwithstanding the offer of rewards for its detection.

121. Teak Plantations.—From the report of the officer in charge of the plantations it appears that 83 acres were cleared and prepared for planting but only 10 acres were actually planted owing to the failure of the Monsoon at the commencement of the planting season and the total rain fall having been less than in the previous

year. Weeding was carried on over an area of 836 acres and pruning over 367 acres. The total cost of the operations was Rs. 5,439—11—5 against Rs. 5,507-3-0 in 1055 showing a difference of Rs. 67—7—7.

MEDICAL.

122. There have been no changes in the Medical Department during the year.

123. The hospital buildings at Ernacollum and Trichoor are in good order. The new hospital at Ernacollum has been completed, but has not yet been handed over to the Medical Department.

124. Civil Hospital Ernacollum.—There have been 220 cases treated as intern patients in the year against 211 in the preceding year. Of these 62 dieted themselves and the rest were maintained at the cost of the Sirkar. The deaths in hospital were 18 in number, 5 from dropsy, 3 from dysentery, 4 from diarrhœa, 4 after difficult labour and 2 from syphilis. The out-patients numbered 3,487 against 3,418 in 1055, showing an increase of 69. The deaths among these are not known. Eight major, 174 minor and 22 obstetric operations were performed during the year at Ernacollum.

125. Civil Hospital Trichoor.—There were 264 admissions as in-patients during the year against 238 in 1055, and 2,826 out-patients against 2,559 in the previous year. There were 19 fatal cases among the intern, and 18 were reported among the out-patients. Five major, 35 minor and 10 obstetric operations were performed during the year.

126. There were no Epidemics during the year.

127. Latrine accommodation has to a certain extent been supplied along the Back-water. But the fish-drying nuisance, cannot be expected to end till the fishermen's huts along the Back-water are removed and a separate place provided for them.

128. The most common diseases among the out-door and in-door patients and their prevalence and fatality as compared with the previous year are shown in the following table:—

Diseases.	Ernacollum Hospital.				Trichoor Hospital.			
	1056		1055		1056		1055

129. Reference was made to the re-organization of the Vaccine Department in last year's report. It consists of 1 Deputy Inspector, 1 Head and 5 Talook Vaccinators. The talook vaccinators were transferred to other stations at first every three months, and latterly every six months. On the appearance of small-pox in the vicinity of Tripoontorah the vaccinator of the talook was ordered to

proceed to the locality and endeavour to vaccinate those who were unprotected. It would appear that 6,703 subjects were operated on in 1056 of which 6,000 or 89·5 per cent were reported successful and 698 unsuccessful. Dr. Morgan, the Medical Officer is of opinion that the proportion of successful cases is far too large to be credible, and that he should have been more confident of the results had there been a larger return of unsuccessful operations. Compared with the year 1055 in which there were 8,376 operations with 7,397 successful cases there is a falling off numerically of 1,673 cases. This is explained by the reduction of the vaccine staff from 12 operators to 7 during the year, who are better paid, are not infirm like some of the older vaccinators and from whom a better quality of work may be expected. Among the gratifying facts in connection with vaccination during the year may be mentioned that two of the Cochin Princes had the operation successfully performed and it is hoped that their good example will be followed by influential members of the community. Both Ernacollum and Trichoor as well as British Cochin have been free during the year from epidemic Small-pox.

130. The negotiations entered into with the Planters on the Nelliampathies for the Establishment of a hospital at Wallenghy, for the benefit of the coolies on the Estates as well as for the general advantage of the inhabitants of the surrounding country, having fallen through this Government contemplates the early construction of a hospital in the Chittoor District.

PORTS.

131. The total number of vessels of all descriptions which arrived at the Ports of Mallipoorom and Narrakel during the year was 82 or 45 less than in the previous year. Of these 8 Sailing Vessels and 43 Steam Ships being subsidized Mail Steamers of the British India Steam Navigation Company resorted to Narrakel during the Monsoon.

132. The aggregate tonnage of the vessels was, however, greater by 3,117 than in the previous year, being 69,245 against 66,128 in 1055.

133. The amount of Port dues collected was Rs. 5,419 which is greater than the receipts of the preceding year by Rs. 399-12-0.

134. Two Government warehouses were completed during the year at the Port of Narrakel which have proved of great service to the mercantile community generally for storing goods awaiting shipment or landed from vessels.

POSTAL DEPARTMENT.

135. The following Return exhibits the working of the Sirkar Postal Department for 1056 as compared with the previous year :—

		1055	1056
Public Service.	Letters	44,046	45,611
	Newspapers	1,558	1,804
	Books	174	224
	Banghy Parcels	2,578	2,568
	Total...	48,356	50,207
Private.	Letters	22,182	21,364
	Newspapers	1,999	3,782
	Books	6	7
	Banghy Parcels	83	105
	Total...	24,270	25,258

136. The amount of Postage collected during the year under review was Rs. 816–10–3 against Rs. 801–0–3 in 1055. No change has taken place in the permanent establishment of this Department.

MILITARY.

137. No change has taken place during the year in the Military Establishment which remains at its normal strength. The annexed statement shews the casualties, enlistments and other particulars :—

	No.	No.	
Total strength of the Establishment, as it stood at the close of 1055...	312		
Enlisted in 1056	14		
Total...		326	
Died	6		
Retired on Gratuity	1		
Discharged for misconduct...........	7		
Total...		14	
Remaining at the close of 1055 including 5 Commissioned and 40 Non-commissioned Officers...............		312	
	RS.	A.	P.
Average pay of each Commissioned Officer per annum...............	225	9	7
Do. of each Non-commissioned Officer per annum...............	78	5	0
Do. of each Private per annum.	60	0	0

138. The Sirkar also maintains a small detachment of Artillery composed of two Non-commissioned Officers and 18 Privates with 4 guns. There is besides a small Body Guard in attendance on His Highness the Rajah.

PRESS.

139. The value of the work executed at the Press during the year is estimated at Rs. 6,070–6–0 against Rs. 4,761–3–0 in the year preceding. The increase was owing to extra work executed for the Boundary Commissioners and the Census Department.

140. The permanent pay of the establishment remained at Rs. 1,728–0–0, but an allowance was granted for the additional work. The contingent charges including cost of printing paper amounted to Rs. 254–8–0.

141. The particulars of the work performed during the year are subjoined:—

	Copies.
1. Malayalam Calendar	1,500
2. Administration Report	150
3. Books and forms for the use of the Registration Department	23,464
4. Judicial processes &c., for the use of the Courts	57,685
5. Forms, Notices, &c., for other Departments in Malayalam	89,687
6. Do. Do. in English	33,686
7. Official Gazette, Bi-monthly.	

POPULATION.

142. The Returns of the Census taken on the 17th February 1881 exhibit no increase in the number of population but on the contrary a decrease of 836 souls; 6,00,278 persons having been enumerated against 6,01,114 on the 20th July 1875. The diminution in the number is ascribed in the report to exceptional causes as deaths from Cholera and Small-pox which broke out in 1051

(1875-76) in the Districts of Cochin and Cannianore and fever which prevailed in the Chittoor District in 1055 (1879-80).

143. The area of the State being 1,361½ square miles according to Messrs. Ward and Connor, the density of population continues to be 441 persons per square mile as found by the Census of 1875.

144. The population consists of 4,29,324 Hindus, 1,36,361 Christians, 33,344 Mahometans and 1,249 Jews. According to the Census of 1050 (1875) the Hindus numbered 4,26,922, the Christians 1,40,417, the Mahometans 32,497 and the Jews 1,278; so that the Hindus have gained in numbers by 2,402 and the Mahometans by 847, while the Christians and the Jews have lost by 4,056 and 29 respectively.

145. The Hindus may be classified as Brahmins 22,108; Kshatryas, Muthadus and Elayadus 1,487; Sudras 1,52,871, forming about one-third of the Hindu population; and the masses or low castes numbering nearly 2,53,000. The Brahmins may be sub-divided into 10,604 Tamil Brahmins, 4,227 Numboories and 7,277 Kongany Brahmins.

146. Of the Christians who constitute 21 per cent. of the population, there are 1,20,919 Roman Catholics and 15,442 Protestants. They may be further divided into 23 Europeans, 346 Eurasians and 1,35,992 Native Christians.

FINANCIAL.

147. The receipts and disbursements of the year under report as compared with those of the preceding year will be seen from the following statement:—

Grand Total...	18,42,551	4	9	19,27,771	6	0

148. The causes of the increase or decrease in the chief sources of revenue having been already noticed under their respective heads it remains to refer to the Miscellaneous Revenue. In this item there is an increase of Rs. 4,355-14-7 which is chiefly due to the better prices obtained for sundry articles of forest produce and to the increased sales of Cardamoms and Bees' wax. There has also been an increase under the head of refunds by the Public Works Department as balance from completed works, and in fees received on Travellers' Bungalows.

149. With regard to disbursements there is an increase under the head of Palace Establishment of Rs. 7,251—7—3. This is due to a separate allowance having been settled on one of the Junior Princes on his attaining age, to the allowances of three Princes having been increased from Rs. 250 to Rs. 350 per mensem; and to some of the increases given in the previous year having been paid in part only during that period while they were paid in full during the year under report.

150. The expenses on account of Religious and Charitable institutions show a decrease of Rs. 4,343-2-6 and Rs. 3,298-6-2 respectively in consequence of the price of rice and other provisions which ruled in the market having been more favorable than in the previous year.

151. The Administrative Establishment shows an increase of Rs. 2,008—6—6 which is accounted for by a consolidated allowance of Rs. 150 per mensem having been fixed for the travelling charges of the Chief Engineer in substitution of the daily rate and mileage which previously obtained;—by an increase of salary given to the Secretary to the Dewan and minor increases to several departments—and by certain increases granted in 1055 having had effect only partially in that year whereas they continued during the whole of the year under report.

152. The excess of Rs. 524-15-3 in the Judicial Establishment is chiefly due to an increase of salary granted to the First Judge of the Appeal Court during the year.

153. The Educational Department shows an increased expenditure of Rs. 492-15-8 which was incurred principally by raising the Kunnunkulam School to the standard of a first class District School.

154. The cost of the Police Establishment was increased by Rs. 1,457—7—8 in consequence of the employment of additional peons and of a temporary preventive establishment to suppress smuggling.

155. The small increase of Rs. 84—8—0 in the Military charges calls for no remark.

156. Under the head of Pensions there was a decrease of Rs. 1,183-14-2 owing to the pension granted to Mr. D'Albedyh'll late second Judge of the Appeal Court having lapsed towards the close of 1055.

157. The Public Works Expenditure shows a decrease of Rs. 36,772—11—2 which was occasioned by the usual allotment of Rs. 2,00,000 to the Department having been reduced by Rs. 32,000 to provide for the guarantee of the proposed Railway from Shoranore to Ernacollum, and by certain works which had been included in the Budget not having been undertaken during the year.

158. The Miscellaneous expenses were greater than in the previous year by Rs. 3,974—7—11, due chiefly to the cost of the temporary establishment maintained in connection with the settlement of territorial disputes between Travancore and Cochin.

159. The total receipts of the year under review exceeded those of the previous year by Rs. 22,485-7-9.

160. The total disbursements were less than those of 1055 by Rs. 29,803—13—9.

161. The receipts of the year exceeded the disbursements by Rs. 1,15,023—15—0.

162. The total amount remaining to the credit of the Government at the close of the year under report, as shewn in the margin, was Rupees 32,05,785—11—1.

Cash Balance	Rs.	5,93,513—6—5
Government Securities......	„	24,00,500—0—0
Value of stock	„	2,11,772—4—8
Total...	Rs.	32,05,785-11—1

Huzoor Cutcherry,
Ernacollum in Cochin,
